nine on the Academy campus, where they walloped the red and white play-ars 17 to 0. Winning the game gave Westerly the lead in the Eastern di-vision of the Interscholastic league but Bulkeley has the chance to tie them again by defeating Windham High at Willivantic this afternoon. High at Willimantic this afternoon.

Accompanied by two special cars full of expectant supporters, the Westerly school boys came up determined to win, and they got after the game from the start, and never let up on the Academy, piling up the runs and playing an airtight game that made second base the farthest point any Norwich

player could reach, and only two got so far. With the bat the Academy was helpless before the pitching of Pember, while Westerly was landing on Ted Lawler for two home runs by Captain Foley and Pember, helped along by doubles by Chapman, Pember, Spargo and Champlin. These, with the battery work of Weserly, were the big features of the unequal contest.

The hot shot coming at the Academy infield from the Westerly bats found a particularly porous spot through Henparticularly perous spot through Hendrick, which accounted for a number of the Westerly tallies. Catcher Foley contributed a feature bit of sharp play when he caught Crowe and Murray wandering off first and second and after chasing both into a dazed condition, finally tagged Crowe out on the third base line.

Before the game, Principal Swain, who accombanied his team from Westerly, was hit in the eye by a thrown ball, but not badly hurt. The score:

Westerly, R. L. June 2, 1903.

Sporting Editor Norwich Bulletin:—
Dear Sir:—Kindiy allow me to reply to your "Pointer for Umpire Donohue."
The rule you refer to—section 7 of rule 85—covers only the definition of a double play. 5—covers only the definition of a louble play. Rule 59 covers scoring of runs, and

Rule 59 covers scoring of runs, and reads: "One run shall be scored every time a base runner, after having legally touched the first three bases, shall legally touch the home base before three men are put out—provided, however, that if he reach home on or during a play in which the third man be forced out or be put out before reaching first base, a run shall not count." I claim Donoliue correct in his decisio

I claim Domeline correct in his decision as Bowers reached first safely and Martin was not forced out.

For example, if two are out—one man on third—one on first—runner on first starts for second—pitcher throws to second—runner plays back and forth between first and second until after man on third reaches home (then is put out), this run counts (Rule 59).

put out), this run counts (Rule 59). Very respectfully, ARTHUR N. NASH. Mr. Nash puts up a preity good argument for his side of the contention. In the example he gives, the run would certainly count, but there is no question of a batted ball or a double play in it. To get a decision, the Sporting Editor will ask a ruling from Sporting Life and publish the reply.

In the preliminary burst of the day's speculation there were wide openings in Southern Pacific, Union Pacific and Atchison. Besides the expected exchange of Southern Pacific preferred for common stock, there figured in the idiscussion a supposed treaty of comity between the railroads in that group. The new Atchison convertible bonds when issued were quoted in the curb market at figures to make the stokholders' rights worth nearly I per cent. Views of bankers on the volatile market were rather castionary in character, but did not exacted apparently to the point of withholding money credits from much smaller accession to the cash holdings of the banks this week than last.
